Course Delivery and Support

Your experience as a student is important to Unitas, as such this course has been designed to enable you to explore these topics so that you can develop your own knowledge and skills, to enhance your practice.

- Digital study materials are available online and downloadable as apps.
- You can read our materials, listen to audio and watch videos on your smartphone or tablet when and where you choose.
- Course content is broken down into 'bite size learning blocks' relating to specific areas of effective practice in Youth Justice
- Each learning block introduces the topic area and guides activities through the digital resources to successfully achieve the assessment requirements.
- Formative assessments are used to enable you to reflect upon your own learning journey.
- A Learning Coach will provide you with developmental feedback and support throughout the course.

Entry Criteria

Unitas offers transformational learning opportunities for anyone who wishes to learn more about or work in the youth and criminal justice systems.

We have an open learning approach so that anyone regardless of age or educational experience can successfully complete our courses and degrees – no prior qualifications are required, only motivation. But to us open learning also means affordable learning – our degrees are half the cost of their equivalents elsewhere. Flexibility is essential for mature students and is integral to our courses.

All applications are considered on an individual basis so please contact us if you would like to discuss the course further.
